VT710 Lightweight Headworn

VT710 Aerobic Headset

The VT710 is an ideal hands free microphone for use by instructors of sports and aerobics, television field reporters, singers, entertainers e.t.c. (noisy surroundings). The headband is sealed for protection from perspiration, rain and dust. An adjustable back band secures the microphone while allowing complete freedom of movement. The 4 mm diameter flexible boom gives precise placement near the mouth and stays in place during dancing, entertainment and aerobics. The VT710 is molded with highly efficient noise canceller capsules which prevent interference from crowd noise, motor shooting, etc.
